## JORDAN'S PANSY GARDEN

We are listing only those varieties which we have tried, and found suitable to our Southern climate.

Remember, the price has nothing to do with the quality of Dahlias. The price is governed by the date of introduction, and some of the oldest varieties are still taking Blue Ribbons over the new high priced stock.

Our Dahlias will please you, and they won't cost you a fortune. Don't think you have to pay big prices to get fine Dahlias.

We are members of The American Dahlia Society.

- FAIRY (Miniature) F.D.** Blooms 2". A lovely shade of pink mauve. A very prolific bloomer on long straight stems. This one will please the most particular. As it is the only Formal Decorative Pink we know of in a miniature.....20
- FOREST FIRE** An informal decorative of an unusually artistic form. Color lemon yellow at base of petals, heavily tipped rich scarlet and enhanced with yellow petaloids, this is the description from the color charts, but the real beauty of its distinctiveness cannot be so described. Its name "Forest Fire" describes just what it looks like, color ranging from pale yellow through golden to a dash of brilliant red, just as the flames rise and fall and show all these colors. Not a bi-colored dahlia but a dahlia that arrests the attention immediately whether in the field or the show room. Plant is sturdy and insect resisting, stems straight and strong. Received certificate of merit both at Storrs, Conn., and Lansing, Michigan, 1934 ..... .50
- FORT MONMOUTH (C)** Bloom 11x4. Bush 6½ ft. The predominating color is rich claret with brightness, unusual in darker tones. Flowers are full-centered and well formed, borne on long, stiff stems high above the foliage. A very prolific grower and bloomer. Still a winner on the show table ..... .25
- FRANCIS LARocca (D)** Pale sulphur yellow; very satisfactory as a cut flower. Blooms profusely on good stems. Vigorous grower..... .15
